## *New Beginnings... Again*

T.L.C. Medical Ministries to take on S.E.A.R.C.H. Institute®

The time has come for T.L.C. to spread its wings and venture on untried ground. We have been educating our friends and family since 2003 that our ultimate desire is to not only work as a family to win souls' wherever God may lead us but to establish a lighthouse for

this new work will absorb all of our time and so we may be well into 2011 before you receive another report.

We have the promise of workers from Honduras coming to join us in this work and for that we are thankful. God will

Jesus in a small, self-supporting training school. God has promised to supply our need as we put our hands to the plow. The very nature of beginning

enable all who place their dependence upon Him to fulfill His will.

From The Living Choice to S.E.A.R.C.H. RESULTS

The new center & ministry focus calls for the need in creating a new vessel of communication where we can educate our friends as to our work, overall philosophy and progress in a format consistent with our new work. The theme and philosophy of The Living

Choice will not die but be incorporated into the new messenger. We hope to feature articles by many other who participate in our work as well. To the right are many S.E.A.R.C.H. volunteers. Happy and Holy New Year!

John 5:39

The Institute of Scriptural Education, Agricultural Research, & Cooperative Health. We are in the process of incorporating as well under the laws of the Dominican Republic under a name and an acronym in the Spanish language that is very similar to English moniker. As we enter into the year 2011 we are praying for all of you that you will with us take the opportunity to do and dare for Jesus. To pray as never before and seek to bring others into harmony will Gods' entire plan.

In the New Year we are going to make every attempt to establish the work upon a stable basis where we are no longer dependent upon the gifts of our friends to continue. However we are currently building the full school house and health center which as you know requires funds. We begin in faith. Our last mission center was built with hand cut wood and is sufficient to house a large family but not enough for a family, students and those that wish to come to us to learn a healthier

lifestyle. We need the prayers of those that love us. We also ask that you would carefully and prayerfully consider if our work is the work that God has laid on your heart to assist financially. There are at least a few new and worthy workers in various fields trying to make a beginning. Though the new Institute demands finances we trust that God will supply our need according to His will.

Gifts requiring tax-deductible receipts can still be written to the Amicus Church with

Dominican Project in the memo until our own incorporation status is complete. All others can still be written to TLC.

And ye shall seek me, and find *me*, when ye shall search for me with all your heart.
